From the Survey and Inam Commissioner, Mysore, To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, No. 1384, dated Poona, 7th September 1874.

By order of Chief Commissioner, No. 4712—67, of the 19th November last, the resumption of excesses of inams granted for the up-keep of chatrams, under the terms of the Commissioner's Notification of 1846 was directed.

2. In proceeding to carry out the orders referred to, a doubt has arisen, in order to clear away which detailed orders are required.

3. The amount of assessment of all inams granted for the above purposes is stated in the original grant. I propose to confirm an extent of land bearing a similar survey assessment plus 10 per cent, and to bring the surplus under assessment.

4. But in case any inam was originally, when granted, dry crop land, and has been by sinking wells or other distinct improvements at the expense of the inamdar converted into wet land, the value of the inam shall be calculated on the dry crop assessment alone.

5. When the survey assessment of the land now actually held as inam is less than the value named in the original grant, the deficiency will not be made good.

6. The above provisions will, I think, meet every case fairly, and I beg to suggest them for the consideration of the Chief Commissioner.

No. 4831—Rev. 316, dated Bangalore, 3rd October 1874.

Order thereon.—The additional rules suggested in paras 4 and 5 of the foregoing letter to supplement the ruling laid down in this Office Proceedings No. 4712—R. 67, dated 19th November 1873, for the guidance of the Survey Department in dealing with excesses discovered in inams granted for the up-keep of chatrams, &c., under the terms of the Commissioner's Notification of 1846, meet with the Chief Commissioner's approval, and can accordingly be adopted.

H. WELLESLEY,
Offg. Secretary.

1 Memo.

Letter No 533 dated 28th Augt/84 from the Dy Commr Bangalore Dist submitting a report regarding the Chattrams and Khuntas constructed by the late Mr Kollum Venkata Rao at Bangalore and Kengèri.

It would appear from the papers that in 1843 the late Mr Kollum Venkata Rao constructed one Chattram & 2 Khuntas at Bangalore and another Chattram at Kengèri for the use of travellers at a cost of Rs. 2500/ and that he applied for the grant of Inam lands at Karlapur of the Kākola Hobli in the

Taluk as per rule laid down in Notifica-tion No. 2 dated 21st February 1842 (copy herewith submitted).

2. From Mr. Venkata Rao's application it will be observed that he applied for dry, wet and pasture lands of 65 candies valued at 86 Canteroy pagodas while he was entitled for only 78 pagodas only as per paras 2 and 4 of the notification above referred to.

3. Further, it would appear that owing to the enormous characters and the valuable services rendered to Government by the late Mr. Venkata Rao Inam lands (dry, wet and pastures) as per particulars given in the margin were as a special case assigned to his heirs in

of Rs. 22-11-1 per annum (that is, 1/10 of the assessment) as per Taluk chief Commis's letter No. 174 dated 15th October 1844 and the notification above alluded to that from the year 1844 upto 1868-69 the said amount of Godi (viz., Rs. 22-11-1) alone had been paid to Government while he was entitled for the same from the year 1869-70 to 1879-80 the marginally noted extras were also charged on the Inam in addition to the Godi.

4. Moreover, it would appear that the Survey settlement of the Inam was effected in 1881-82 and that for the two years viz., from 1881-82 upto 1882-83 the Inamdar has paid to Government a sum of Rs. 66-10-10, being the amount of Godi and other extras as particularised

12. It would also appear that the Chattram at Kengeri is now in good order. The Chattram at Bangalore is in need of urgent repairs. Out of the two Huntas lying in the compound of the Chattram at Bangalore one is out of repair & the water in it is polluted. But the other Hunta is useful for travellers. The parapet walls of these two Huntas also require repairs. The

8

has been given out for vegetable garden cultivation. Some income is derived annually from this garden but the actual profit is not known as Shroffanga Rao, the manager of the Chattram is now absent. There is also a small building (shop) with vacant site on the opposite side of the Chattram and it has been rented to an ironmonger. The amount of rent fixed therefor is also not known. One Subba Rao who is really interested in the matter has told the Amildar when he inspected the Chattram lately that the said shop-building would in future be made a convenient place for the accommodation of travellers.

13. Lastly, it would appear that a statement shewing the details of

9

of Inam &c. was prepared in 1844 when the Inam was granted originally, that this statement is not available in the records of the Taluk and that the statement furnished by the late Mr. Venkata Rao in 1843 is a mere estimate.

14. From the above it will be observed that the former jodi on the assessment of 78 pagodas or Rs. 226-14-6 was 80-5-0 or Rs. 226-11-1 only, that the assessment has been raised to Rupees 621-8-0 in the Survey settlement that the jodi, assessment, cesses &c. now payable to Govt. on the confirmed Inam as well as on the portion treated as

Memo

I have gone through the file of papers regarding the grant of land of Koralapore Village in Dodaballapore Talook as an endowment for the maintenance of two Chattars and two Guntas to the heirs of Duilon Venkatarao in consideration of his having constructed the above institutions at a cost of Rs 2,500 which was referred for the opinion of the Councillors.

Before proceeding to treat of the subject in question it may not be out of place to give a brief account of the life in Mysore of the late Venkata Rao and show how he rose from the position of an ordinary Clerk to eminence in the public Service.

eneral Sir William
Morrison who Succeeded
Jeneral John Briggs as
Senior Commissioner of
Mysore finding Dharwar
Krishna Rao Head Sheristadar
the Commissioner's Dafater
wanting in knowledge of
English, prevailed upon
Neilon Venkata Rao with
whom he was personally
acquainted when he was
Dewan of Travancore
while Sir William was
Resident at that Raja's
Court.
The place of Head Sheris-
tadar now was accepted
and filled by R. Venkata
Rao up to 21st January
1838. After Sir Mark
Cubbon Succeeded
Sir William as Sole
Commissioner, in 1834 the
Government of India was
pleased to confer upon
Venkata Rao the title

title of Rao Bahadur
and to promote him under the
designation of Native Asst
Commissioner on the personal
staff of Sir mark which
post was never before conferred
in those days on any one of
our Countrymen. After
many acts of public good
benevolence done during his
Career in Government Service
He was the means of introducing
Salutary Rule dated 21st
Feby 1842, that endowments
of dry waste land would be
granted to persons Charitably
disposed to construct Chattrams
Guntas and to plant Topes
and avenue trees for the
accomodation of Travellers
for their maintenance.
Encouraged by this Notificati-
on very many individuals
came forward and took
upon themselves to raise
Charitable buildings
Through out the province,
a thing which was never known
in the time of any former
government.
There were only Govt:

government Chattars
wholly maintained at
the expence of Government
along the high Road lead-
ing to the Shrine of Tirupaty
In fact the System of
Battaya tenure was the
chief means of dispencing
hospitality to travellers
in the province, who were
provided with food and
other Comforts during their
stay in the house of Shambogue
of the Village, who as a rule
was bound to treat him as
his guest; but the Sad
event of the Conversion of
wet land rent from the kind
to money rent has reduced
even the well-to-do Village
accountants to such a
miserable condition that
he is obliged to seek the
good will of the Land holders
of his Village whom he
nee kept at awe and
under his thumb.
And it must be said

16

Said that Chattarums
built by public Spirited
private individuals are the
only places of resort for the
travellers of all Creeds and
Castes.

The endowments of waste
dry land made for the
maintenance of the Chattars
have cost the grantee no little
experience labour and
anxiety to bring the im mem
orial dry waste land fit for
Cultivation and those only
who have experienced these
difficulties know the weight
of burden and it must be

Said that it is far from
fair that these Jodi Lands
are not treated with the
same liberality as minor

In this Connection
I would take the liberty
to urge the necessity of
repealing the order No:

1874 passed on the
proposal made by the

Commissioner Honourable
Colonel Anderson which repeal

Sir

In acknowledging the receipt of your letter of the 11th ultimo No: 186 Submitting an application made to your predecessor by the late native assist: R. Venkata Rao for certain lands in jodi tenure, for the support of the two Chattras and other charitable buildings constructed by him at Bangalore and Kengari I have the honour by the desire of the Comr to observe as the existing rules for the endowments of public Institutions of this nature do not Sanction the Granting of any concession to Sirkut Benger land, he would have felt himself precluded from complying with the application, but taking into consideration the valuable Service of the late R. Venkata Rao and the eminent character Sustained by him for probity, Zeal and devotion to his duties the Comr considers that he is justified in making this case exception to General rule and authorizing the transfer of Lands for to the extent authorized by the Regulations on the usual jodi tenure to the legal heirs of late Venkata Rao.

SUBJECT. Certain lands in the Karlapur village, Dodballapur Taluk, now claimed by Dewan Bahadur Ragunatha Rao as forming part and parcel of his Chattram Inam in the same village —

LAST REFERENCE. Letter No. 357 dated 30 Sept 96 from the Dy Commr, Bangalore

The facts of the case are as follow: —

Mr. Kollam Venkat Rao was an Asstt Commr during the British Administration. In Feb 1843, he applied for the grant of Jodi lands in the Karlapur Dakla village attached to Somenahalli village, Dodballapur Taluk, for the upkeep of a chattram & 2 Kuntés at Bangalore and a chattram at Kengeri constructed by him.

Recd from the Dy Commr —

4. In 1894, the Commr reported that at the Settlement under the revised rules, the excess area that had been brought under full assessment at the first Settlement was restored to the Inamdar subject to the payment of the former jodi of Rs 23 plus irrigation cess of Rs 5-2-3 and local cess of Rs 38-13-6, or in all Rs 366-15-9, and that the arrears due for 9 years viz 372 × 9 = 3448. were remitted.

5. Subsequently, ie in Dec 1894, Dewan Bahadur Ragunatha Rao represented that some years ago darkhasts were called for, for the cultivation of certain lands situated within the limits of Karlapur village

in Hindvi being 62-4-14 equal to 750 acres, the Survey measured it at 418-17 guntas shewing a deficiency of 332 acres, and that this deficiency is due partly to the original defective pymaish and partly to a portion of the land originally reckoned as cultivable having been brought under Kharab by the Survey. This seems to be a presumption of the Amildar but is not borne out by any record. However the case may be, the Survey Deptt measured the Chattram Inam at 418-17, of which 275-37 were treated as excess & brought under full assessment, and subsequently

separate volume.

above that as regards the Chattram Inam, the area obtained by converting Kandies into acres is greater than the area recorded by Survey by 331-11; while as regards the kharab lands deducted at the time of grant, the area obtained by converting Candies into acres is greater than the area recorded by Survey by only 100-17. The Dy Commr states that the Kandayam lands (232-38) now in the holding of the Chattram Inamdar may be declared as Inam in order to make up the deficiency of about 332 acres due to the defective pymaish, if the charitable institutions which are stated to be now in disrepair are restored to and maintained in good condition. The Jodidar

gards the deficiency above
pointed out, but ~~as to~~ as to the
claims, the Kandayem lands

Mr. T. Ananda Rao ~~thinks~~
thinks whether under the
revised Settlement of
Bhattram Inams, the
Kandayem lands, referred to, should
not be regarded as comprised
in the grant. He further
says that judging from
the tenor of the grant, it
seems legitimate to infer
that the authorities of
the day finding a whole
village nearly equal
in value to the Inam
intended to be assigned,
granted the entire village
was of no value when it
has since become valuable,
that the question did not
arise under the former Settle-
-ment of Bhattram Inams,
as that Settlement proceed
on the basis of a money
valuation and deprived the
Inamdar even of much
of the area till then reckoned
as Inam.

The question now to be settled is whether S. Nos 96. 158 & 115 extent 232-38 apst. 50 rds may be added to the Jodi Inam of Dewan Bahadur Raghunatharao Rao who has applied as the representative

Narayan Raya Venkata Rau Saheb Native agent to the late Court of Mysore as an endowment for the two chattrams & lands which that gentleman built in Bangalore & Chengleri when he was serving here. The grant was treated under exceptional considerations - Land not which was a immemorial waste though under the Inam Rules this could not be granted and the rate of assessment was reduced to bring the value of the land within the prescribed amount. Then special considerations were extended on account of the valuable services rendered by Venkata Rau Saheb and these ought not to be overlooked in arriving at a settlement of the question now raised.

Then three numbers were elapsed as uncultivable & excluded from the calculation of the Inam In case there however when a village Survey up and cultivation is handed under the

management of the Jodeedars the Kharal lands reserved waloné became useful for grazing and by degrees became valuable - the lands ~~were~~ are however poor as is evident from the low rate imposed by the Survey Dept and the Jodida asks that the lands which were brought to their present condition may be added this Jodi Inam without additional assessment. As an argument in support of his contention he urges that the extent confirmed to him as Inam fell far short of the actual extent intended to be granted to him - which is demonstrated by Kanderi which ~~was~~ is in accordance with the rules of conversion covers an area of ~~acres~~ nearly 750 acres. reasonable contention — having regard to the very liberal views entertained at the time but the only weakness is that the Jodedars continued to pay assessment on their lands for a number of years. But it is also true that if he had not paid it others would have taken up the land — & he would therefore first have convenience — there is also the fact that his exertions have also contributed to their present condition.

Under these circs I would allow them lands to be added to his Jodi from the date after under without of course entailing on him the refund of the past assessment.

of Government, I have
the honor to report that
Karlapura is a hamlet formerly
attached to Sonnanhally village
in the Karcolu Hobly of the
Kodd Bullapur Taluk; and of the
total area of this hamlet viz,
123 Candies, a portion measuring
62 and odd Candies were given in
1843 on Jody tenure, for the
maintenance of the Chuttrum
erected by Kolum Vencata Row.
On the complaint of the
Jodidars for their right to
the remaining portion of the
land not included in their
Jody, the then Commissioner of
the late Cuddapah Division
directed that the preemptive
right should be given to
the Jodidars, with reference to
either Cudayem or pasture lands

surrounded by their Jodi lands.
In accordance with the above
order, certain Cudayem lands
not included in their Jodi,
were also given to the Jodidars
on light assessment.

II. With reference to the
Kuljaval lands in question, the
Ryots of Sonnenahalli having
complained that they have
no other Kuljaval land, with
the exception of the land in
dispute, I visited the place,
and directed the Amildar to
give to Jodidars 2/3rds of the Kul-

1/3rd to the Ryots of Sonnenahalli
village, provided they mutually
agree to it. The Jodidars fail-

My dear Sir,

You may probably be aware that I possess some landed property at Bangalore and a village called Carlapoor in Mysore Territories. These were granted to my father on Lackrazee tenure. In the village of Carlapoor, there are waste lands which are not included in this grant. These lands I am prepared to take up and pay the usual assessment thereon to the Mysore Government in order that I may have no Ospurrays, or partners in the village. You know the necessity of keeping these gentlemen from one's village. Hence my anxiety to take up these lands.

I beg that the Mysore Government may be pleased to grant them to me and furnish me with a Puttah and a survey of the whole village of Carlapoor, distinguishing my Inalgoozary from the Lackrazee lands. I learn that that part of the country is being surveyed, or, has been surveyed; if so, I fancy there will be no difficulty in complying with my request.

Yours sincerely,

Indore

Sir,

Enclosure returned —

In reply to your docket No. 302/14 of the 16th instant, I have the honor to state that Karalapur is not an independent village but a hamlet attached to Aslé Soonkully; and the Jodi land granted to Kollum Venkut Row for the maintenance of the Chut-trums built by him at Banpal

(about half) of the lands at-
-tached to the said hamlet,
which, according to a Kindivi
Putty prepared at the time
of the grant, include 32 Candies
of Pasture land at Kulgavul
rates.

2. The ryots of Soorinhully
have no other Gomal lands for
their cattle, about 500 in num-
-ber, with the exception of the
Perrumpoke Bunzer land under
dispute situated within the bounda-
-ries of this hamlet.

3. This land has all along been
in the Enjoyment of the Villagers
of Soorinahully and Jodi Karla-
-pura conjointly, and the former
will be put to great inconvenience
for

for want of pasturage if they
were to be deprived of the use
of the land by leasing the whole
of it to the Jodivar exclusively.

3. The arrangement sanctioned
by the Chief Commissioner in
Proms: No: $\frac{4179}{493}$ of the 8th Novem-
-ber last, under which one-third
of the Koolgavul land is allotted
to Soorinhully and the other two-
-thirds to Karalapura, is, under
the circumstances, the best that
could be made to meet the
requirements of both parties, and
to put a stop to their repeated
complaints. To avoid the inter-
-ference of third parties, however,
the right of grazing on the
land so allotted to Karalapura may,

by public auction, be rented to the Jodidar himself, on some fixed rent, until the Survey Set-
= tlement.

Letter from the Dy. Commr. of the Bangaloie Distt No. 5-8 R. of the 26th April 1880, reporting upon a petition from M. Rasoonatha Rao, Jodidar of Karlapur in the Dodballapur Ta-luk, in regard to certain pasture land which is claimed by the Villagers of Sonna-nahally.

Order thereon.

The question entirely rests on the fact whether the Jodidar of Karlapur or the villagers of Sonna-nahally hitherto had the enjoyment of the land in dispute - the Jodidar asserts that he has had hitherto the exclusive enjoyment, and this statement seems to be supported by the order of the Commr. of the Division dated

N 4

6/8

No 2770 Dy 6th August 1880.
P. 285

Such were the case and as the land is included within the boundaries of the hamlet as laid down by the ~~Asst~~ Supt on the occasion of granting the Inam, the Jodidar's application to take up the land himself on any assessment that may be fixed by the Survey cannot be reasonably refused, whatever may be the inconvenience the Sonnenhally villagers may be put to for want of grazing lands. The Dy Com^r is requested to examine the records upon which the Comm^r order of 16th Nov^r 1874 was passed, to ascertain whether they bear out the Jodidar's statement that he had the exclusive enjoyment of the land prior, as well as subsequently, to the above order, and to hold in abeyance the sale of the Hulbany of the land pending the final settlement of the claim.

Bangalore Deputy Commissioner Rubkary No 70 dated 30th October 1874 reporting upon the Petition of Venkoba Row and Nursinga Rao on behalf of Jodidar of Karlapoora Village Doddaballapur Taluk.

Order thereon

The assessment fixed for this year must stand and must be paid but before making it a permanant charge. I think the Deputy Commissioner or Jammabundy office should visit the spot and the presumptive right should be given to the Jodidar either as regards the Condayam lands or the grazing lands which are surrounded by this Jodee land.

Sir,

In reply to your letter
No. 2770 of the 5th ultimo, I
have 285 the honor to state that
it is difficult to decide now
whether the Huleaval land in
dispute was in the exclusive
enjoyment of the Karalapura
Jodidar - The Ryots of Sonnena-
-hulli state that they had
been grazing their cattle on
the land, while the Jodidar
states that the land was in his

exclusive enjoyment - At any
rate, from a Canarese Memo filed
in the proceedings which was
prepared by Mr. Krishnasawmy
Iyengar, late Asstt: Commissioner,
who conducted the Jamabundy
of the Taluk in 1879, it appears
that the Jodidar was in pos-
-session of it until 1874/75 when
the dispute arose -

2. As long as the land
in dispute is within the
boundary of the Karlapura village,
there appears no objection for
the same being given to the
Jodidar on Cundayum if the
inconvenience of the Commu-
-nity Ryots for want of grazing
lands is not to be considered -

3 - The Commissioner's
order of the 16th November 1874
alluded to, is based on the Vernacular

To

The Secretary to the

Sir,

(22)

I have the honor, in reply to your letter No. 4710 dated 23rd Ultimo, to make the following remarks.

2 The expenses discovered in Inams granted for the upkeep of Chabrams &c. have been dealt with under rules duly sanctioned in Chief Commissioner's Proceedings No. 4831/316 dated 3rd October 1874 supplementing the ruling

ruling laid down in Pro-
-ceedings No. 4712 Rev. 62
dated 19th November 1873, and
very considerable progress
has been made in the work
in question which has, in
fact, been carried out
as far as possible "pari passu"
with the introduction of the
Survey Settlement. The grants
in question made by British
Officers were considered
at the time of Chief Commissioner's
ruling as above, to stand on
perfectly different ground
to ancient grants. I do
not therefore think that
the

the experts in Inams assigned
for the support of Chokrams
&c. should be dealt with
under the rules for Minor
Inams as embodied in the
Draft Notification append-
-ed to your letter under
reply.

Sir,

I have the honor, with reference to your letter No. 818/13 of the 20th April last and more particularly with reference to certain notes made by the Dewan on a Memorandum of Dewan Bahadur Raghunath Row's Chakram lands, to report as follows.

(142)

2 The chief point is whether the Chadram lands in question can be dealt with under the general rules regarding minor Inams in Maidan Talukas. On this point I do not see much room for doubt. Chief Commissioner's Orders No. 4712-67 dated 19th November 1873 and No. 4831 / Rev 316 dated 3rd October 1874 laid down a mode of dealing with Chadram

Inams and this mode has been strictly adhered to in the present case.

3 The Dewan remarks in his Notes that the Inamdar has now to pay Rs: 394—12—0 where he formerly paid Rs: 22-12-0 and that this is chiefly due to the Survey Department having assessed as dry all pasturage land held on Gomal before. It is optional with the Inamdar to

to pay for the excess land
or not as he pleases
and the excess land
would have been
severed from his
holding just as much
whether the Survey
Department had assessed
it or not, for he would
in any case have had
only land bearing assess-
ment of Rs: 249-8-9 con-
firmed to him.

Sir,

I have the honor to state that the Inam holdings of the heirs of Kollam Venkat Row in Doddaballapur Taluk were attached in satisfaction of Government dues, but the sale thereof was ~~stopped~~, as per Chief Secretary's No. 1308 dated 6th November 1885 - and as the question remained undisposed for a long time, the Amildar was directed to collect arrears from the defaulters and the fact was intimated to Government

but again the process of
recovery was ordered to be
deferred by Government Vide
No. 3007 dated 29th March

two years have elapsed, no
definite orders have been passed in
the matter, and as the ar-
rears have accumulated to
upwards of Rs: 3000/, I
therefore request that the
Government will be good enough
to pass early definite orders
on the subject -

DATE 20-4-94

To The Chief secretary to Govt. of Mysore &c.

Sir 20/4/94

With reference to the enclosed demand for Rs 578-10-10 from some officer of your Govt. as due from me for the fasli of Inam land in Kurlahalli, I beg to offer my sincere thanks for the remission of Rs 3348 therein mentioned, & to request that the Mysore Government may be pleased to permit me to pay, on or before the 30 June next, Rs 440-1-6, being the arrears of Kist & to remit Rs 138-5-4, being the amount of interest charged thereon.

The revenues of the village hitherto collected having been already spent on the charities for which they had been intended, I am compelled to trouble the Govt with this request for granting time to enable me to pay the balance.

As regards the sum demanded as interest, it is more than one fourth of the principal which the charities can ill afford to pay. Hence this appeal to the generosity of Govt.

Expences mentioned in the demand will be paid with the arrears.

2. The Dodda Ballapur Amildar's report with enclosures are submitted for orders. It would appear that formerly the Jodi amount fixed on the valuation of Rs 671-8-- for 418 acres and 17 guntas was Rs 23-4-4, but during the survey an excess of 27 acres and 37 guntas was found and assessed at Rs 37 2/, which was added to the following items:—

	Rs	As	P
Former Jodi	23	"	"
Cess	38	13	6
Irrigation Fund	5	2	3
Total	66	15	9

3. The applicant, however, protested

sment on the excess extent found.
2 years afterwards, the case was
ever, revised by the Survey De-
tment with the result of granting
said 27s-acres and 37 Guntas
of assessment and of retaining
Jodi &ca Rs66-15-9. But in the
ntime the arrears of assessment
Rs.372/. on the land found in
ss for 9 years had amounted to
3348/. which was, however, remitted
93- This is the amount of remission
ich the Dewan Bahadur refers
in his application.

The applicant continued to pay
nually only the former Jodi amount
Rs 23/, but did not pay the Cess
the irrigation fund amounting
Rs 43.15-9 for 10 years ie from
Bhama to Nandana and the
umulated amount of arrears
erefore Rs 440-1-6. The interest
koned on this amount is Rs:

138-5-4. The notice of demand was
therefore sent for the total amount
of Rs 578-10-10, including notice fee
of 4 annas.

5. The Dewan Bahadur now
prays for the remission of the
said interest of Rs 138-5-4 and
wants time to pay the balance
of Rs 440-1-6, till the 30th Instant.

Sir,

While thanking the Mysore Government, for the justice done to me in the disposal of my complaints regarding the assessment of the Inam Village Karlapur, in the Bangalore Division, I have the honor to request that the Government will be graciously pleased to take the following into its favorable consideration and give me a finishing stroke to the justice already done to me.

2. It is known to Government that for the support of the charities founded by my father Raja Raja R Venkata Rao, who held the office of assistant Commissioner in Mysore, lands of the

geop Karlapur, as defined within
im boundaries was granted by the
rore Government as Inam - Some
s ago, the then local Subordinates
ed Dharkhasts for cultivating
ain lands situated within the
undaries (as I am informed) aforesaid,
h these lands had been Serkar
ds. My agents' remonstrances
e not heeded and the land would
e been given away to others, to
great annoyance, had not my
ent took it upon himself to
the demanded assessment on it
ough a Re. ryot holder. Since that
te I have been paying the sum
though I considered myself and still
sider it to be part and parcel of
Inam lands.

In these circumstances I beg to
equest that the Mysore Government
ll be graciously pleased to remit the
sessment thereon and declare the
d to be Inam.

In case there be any insuperable

objection to doing justice in this manner
I beg to request that this sum be

GOVERNMENT OF MYSORE

Memo:

Reference:- Deputy Commissioner's No. 4118 of the 10th June 1894, with-Chief Secretary's No. 1948 dated 2nd Idem, calling for report on the appli-cation of Dewan Bahadur Raghu-natha Row, soliciting time for the pay-ment of the arrears of the Jodi amount due on the Karlapura village and praying for the remission of interest thereon.

2. The Doddaballapur Amildar's report with enclosures are submitted for orders.

It would appear that formerly the jodi amount fixed on the valuation of Rs. 671-8-0 for 418 acres and 17 guntas was Rs. 2300 but during the survey an excess of 275 acres and 37 guntas was found and assessed at Rs. 372, which was added to the following items.

	Rs.	As.	Ps.
Former Jodi	23	0	0
Cess	38	13	6
Irrigation Fund	5	2	3
Total	66	15	9

3. The applicant however, protested against the imposition of the full assessment on the excess extent found. Some years afterwards the case was however revised by the Survey Department with the result of granting the said 275 acres and 37 guntas free of assessment and of retaining as Jodi Rs. 66-15-9. But in the meantime the arrears of assessment viz Rs. 372 on the land found in excess for 9 years had amounted to Rs. 3348 which was however remitted in 1893. This is the amount of remission which the Dewan Bahadur refers to in his application.

4. The applicant continued to pay annually only the former Jodi amount of Rs. 23, but did not pay the cess and the irrigation fund amounting to Rs. 4-3-15-9 for 10 years i-e from Swabhanu to Nandana and the accumulated amount of arrears is therefore Rs. 440-1-6. The interest reckoned on this amount is Rs. 138-5-4. The notice of demand was therefore sent for the total amount of Rs. 578-10-10 including notice fee of 4 annas.-

5. The Dewan Bahadur now prays for the remission of the said interest of Rs. 138-5-4 and wants time to pay the balance of Rs. 440-1-6, till the 30th Instant.-

Remarks by V. Nagnatha Iyer's letters & Maps Chaufferey & Govt. Inam case

8 & 9th Dec 1874 and 27 Jan 1876

The following note is based upon papers in Mysore Domestic record.

2. Karalapur is a dakhla village attached to Sonnenahalli in Doddaballapur Taluq. It is a chuttrum jodi inam granted to the late Iyr Hari Row in consideration of his Father the late Rai Ra Venkat Row having built at considerabl expense "a chuttrum at Sidhicutta and two bonds and a chuttrum at Kengeri. The g

rument in Mahratti
addressed to Mr. Stavi
Row by Bangalore
division Superintendent
Captain Haines, in
which the Commission-
er's order No. 1874 (174) dated
15th October 1844 is
cited as the authority
for the grant. By this
instrument, land
valued at an annual
assessment of 78 ban-
terai Pago-das was
granted as inam
subject to payment
of one-tenth as jodi.

At the time of the grant the village was Bachirakh, and with the exception of certain devadaya and service inam lands, all the lands were unoccupied waste. With his report No 330 dated 12th September 1844 the Amildar forwarded a measurement list (puttee) of all available land in the village. It appeared therefrom that the total land available (including dry, wet and grass land) amounted

to 64 - 15½ acres

at P 83 - F 5¼ as shown in

the margin. As only

P 78 worth of land were

assignable under the

then standing orders,

it followed that the

land available within

village boundaries was

excessive by × P 5 - F 5¼.

It was thereupon ordered

that the valuation

should be revised by

reducing the rate

fixed for comparatively

inferior wet land, or

in some other suitable

way, so that this excess

may disappear. (Vide
order No 412 dated 26th
October 1844).

4 This was done, and
land was granted as
inam as per particu-
lars given in detail
in the final measure-
ment-list (puttee)
dated 7th November 1844.
This puttee sets forth
the boundary lines
of Karalapur and
their distances, on the
east, west, north and
south. It then gives
the total area of the
lands comprised

within these limits to as
12 K 3 - 1 K - P 3/4, deducts
areas amounting to
5 K 8 - 5 K - 8 P 3/4 for reasons
assigned, and shows the
remainder viz 64 K - 15 K 1/2
made up of 5 K 5 - 4 K of dry
land and 9 K - 11 K 1/2 of wet-
land, transfers 3
Kandis from wet to dry,
and makes out the
precise area of the
chuttrum inam
granted to Mr. Hari
Row as follows

K - K - P	assesst R - a - p
dry 55 - 13 - 6	15 - 8 - 8
wet 6 - 11 - 8	6 8 - 5 - 10
62 - 4 - 14	226 - 14 - 6

jodi payable to Govt 22-11-1.

5. The standing orders did not allow of wet lands being granted as chuttrum inam; but an exception was made in this, as a special case "in view of the invaluable services rendered by Mr. Venkat Row."

6. The deductions altogether amounting to K-K-P 58-5-8¾ above mentioned K-K-P have been 2-8-1¼ for minor inams and 55-17-7½ for Karab such as village site, rabadari, unarable

and rocky high ground.
The areas so deducted
were at Survey settle-
ment measured as being
outside the chuttrum
inam, as if the Karab
was Sirkari Karab. In
course of time and —
owing to a village being
established and pros-
pered under Mr. Hari
Row's management
some of these Karab
lands became valuable
as culturable or
grazing ground;

and were bought up
by ryots of the neighbour-
-ing village of Sonnena-
halli. As these were
situated within Kara-
lapur limits and were
required for the wel-
fare of Karalapur,
Hari Row secured the
occupancy rights of
these lands for which
therefore full assess-
ment has since been
paid either in his own
name or in the name
of his gumastha.
The particulars of these
lands are given in

no	area	assessment R a p

the margin, and the
question is whether
under the revised ~
settlement of chuttrum
inams these should
not be regarded as
comprised in the grant.
Judging from the entire
tenor of the grant it
seems legitimate to
infer that the autho-
rities of the day find
ing a whole village
nearly equal in value
to the inam intended
to be granted, granted
the entire village as
inam, including what
was of no value then

but has since ...

valuable.

7. The question did not arise under the first Inam Settlement of thuttorum inams because that settlement proceeded on the basis of a money valuation and deprived the Inamdar even of much of the area till then removed as Inam.

8. The entire village was by Survey laid out into 51 survey Nos distributed as follows

1 Tope
1 Tank
11 Minor Inams
3 free gomal land

3 Sirkar assessed being deductions in the Berizputtie (now in question)

32 Chuttrums Inam

5-1 Of the 32 nos last-mentioned, 14 were confirmed and 18 resumed under the first Inam settlement. The latter (viz 18) have been restored as Inam at the revised settlement and the question raised in Rr Dewan Bahadur Ragoonath Row's letters of the 9th Decr 94 & 27th Janry 96 relates to the 3 Nos next above the 32 just-referred to.

To

The Secretary to the Government
of Mysore

Sir,

With reference to your letter No. 9072 R.F.106-95, dated 2nd April 1896, forwarding for report a letter from Dewan Bahadur, Raganatha Row, claiming certain lands in Karlapur village, Doddballapur, Ihave the honor to state as follows:-

D. NO: 351
P: 1- 14
= 14 Pages

2. Karlapur is not a whole inam village, but is only a dakhali attached to Sonenhalli. The enclosed copy of Hindu patte (marked A) dated 7th November 1844 gives the boundaries and area of the hamlet, as also the particulars of land assigned therein as jodi inam for the maintenance of a Chatram and Puntes built by Raja Raja Kollam Venkat Row at Siddi Katte in Bangalore City and a Chatram at

hugeri. Deducting from the total "Achkat"
the hamlet certain minor inams, jungle
acts and uncultivable waste, the grant
mbraced 62 odd Khandis of land viz.

K. K. P.
55-13-6 Dry and the Marhatti
6-11-8 Wet

eceipt in the file (marked B) given by
the grantees son Mr. Hari Rao acknowledged
the same extent.

. The following statement gives
he particulars of the old and survey
numbers of the lands now in the holding
f the Jodidar on full assessment.

4. Survey No. 96 was originally submerged land, and had as such been reserved as "Kharab". It was subsequently brought under cultivation by the Jodidar and was therefore assessed (vide enclosed English statement for particulars) No information is forthcoming as to when it was first assessed.

5. Nos. 115 and 158 were originally Kharab lands forming part of old Nos. 156, 157 and 158 and were held by the Jodidar prior to survey on a temporary Hulgaval rate of Rs. A. P. 0-1-2 per Kudo under the orders of Government conveyed in Proceedings No. 3607/P. 398 dated 21st September 1880. But the Survey fully assessed the former and the latter at a favorable rate of 2 Annas per acre and a Patta was made out in the name of Hari Rao. No. 115 was subsequently resigned by the Khatedar in the year Vyaya (1886—87), but in Khara (1891-92) it was applied for by one Bhujang Rao, the agent of the Jodidar, and purchased in Narayan Rao on the latter's behalf

is still in the Khata of Narayan Row - vide enclosed English Statement.

6. No. 131 was stated to be Shan - bhogi Inam and was resigned prior to 1891-92, and was taken up by Dan - dina Chenna as Kandayem.

7. Thus the total extent of Kan - dayem land comprized within the defined area of Karlapur in the holding of the Jodidar is A-G 232-38 assessed at Rs 50/-

8. It should be noted that the extent of the original grant as per Kandri Patti A was K-K-P 62-4-14 equal to about 750 acres, but the survey measured it at 418-17, shewing a deficiency of 332 acres. This is stated to be partly due to the original defective pymaish and partly to a portion of the land originally reckoned as cultivable having been brought under "Kharab" by the survey.

The 1st Chatram for the up-keep which the Jodi inam in question

was originally granted is situated at the entrance of Siddikatte from Doddpete, Bangalore City. It is of the old fashioned mud-roofed kind, and is in fairly good preservation. One of the rooms opening into the street is rented as a shop, and 3 families live permanently inside the structure. A number of Brahmans, whose means of livelihood are mainly eleemosynary keep feeding Brahman tra - vellers nearly every evening in the Chatram, but the Jodidar is said to have nothing to do with the arrangement.

10. The Kuntes are situated inside the walled compound of the above Chatram. One of them is to be in fair order, but the other is very much neglected and contains only some foetid and stagnant water and rubbish is thrown into it.

11. The 2nd Chatram at Kengeri is reported to be in good order.

12. In the concluding para of

(6)

your docket No 9372 / 106-95 dated 2nd April last my opinion is invited on the subject of treating the Kandayem land in the holding of the Jodidar as inam. I beg to say that the deficiency in the esclent is considerable and provided the charitable institutions aforesaid, ~~exist~~ are restored to and maintained in good order, the founders' heirs are entitled to have the deficiency made good out of the Kandayem lands held by them in the same village.

loc 13. A statement is attached giving fuller particulars, together with the Vernacular papers on the subject and the village map. The enclosures of your letters are also returned.

I have the honor to be,
Sir,
Your most obedient servant,

M Narasimmayya

In 1843. Rai Rayani Raya Venkat Rao, Native Assistant to the late Commr of Ellpore, and father of Dewan Bahadur Raghunatha Rao, having constructed for the use of the publie, a Chattram and 2 Kuntés in the Bangalore City and another Chattram at Kengeri, applied for the grant of jodi lands for the up-keep of the charities. In 1844, the grant of dry & wet lands valued at 78 Pagodas - not immemorial waste lands as required by the rules — was sanctioned, and accordingly 62-4-14 of dry and wet lands as shewn in the margin were granted in the Herlapur ~~village~~ hamlet subject to the payment of a jodi of 7 Pagodas - 8 Fanams,

of Kharab, min or Inam being excluded from the grant.

2. According to Survey, the area and assessment of the jodi lands (62-4-14) were 418-17 and 621-8-0, of which 142-20 assessed at Rs. 249-8-0 were confirmed as Inam subject to the payment of the jodi of Rs. 22 12/, and the rest, viz, 275-37 assessed at Rs. 372-0-0, was treated as excess and brought under full assessment. At the resettlement of such Inams under the revised rules, the excess above referred to was also confirmed to the jodidars as Inam subject to the payment of the former jodi of Rs 23 plus irrigation & local cesses amounting to Rs. 33-15-9, with retrospective effect, & subsequently the arrears of assessment ~~remitted~~, due on the excess were also remitted.

were Govt Hulgaval la
and that they had been or
-dered to be granted to the
Jodidar at the Hulgaval

Settlement. This fact
is borne out by Govt
order No 360 / P398 & 21st Sept
1880, which directed certain
pasture lands being con-
-ferred to the Jodidar
on a reasonable temporary assessment
Subject to revision during
Survey. It is reported
that at the Settlement
full assessment was
imposed on Survey

assessed at a favorable

& that a Patta was made

1891-92 by the Joodidar.
The foregoing circumstances clearly shew that the 3 Survey nos above referred to, which Dewan Bahadur Rajunatha Rao claims to be treated as part of the Chattram Inam, have all along been held on Kandayam tenure.

4. ~~It is represented that~~ These 3 Survey nos, which had been classed as unculturable and excluded from the grant, became useful for grazing in course of time, ~~under the management of the joodidar~~ and by degrees became valuable, and that if ~~they had been~~ not leased by the joodidar, others would have taken them up to his annoyance & inconvenience. ~~and that it is only on that score that these Kandayam~~ ~~lands~~
